The timing diagram shows four digital signals over time:

- PSDB[7..0]D**: A signal that transitions from low to high at approximately 10 ns.
- RA[19..0]D**: A signal that transitions from low to high at approximately 10 ns.
- PSDA[7..0]D**: A signal that transitions from low to high at approximately 10 ns.
- MAIN.AF[31:1]D**: A signal that transitions from low to high at approximately 10 ns.
